Policy for Indoor and Outdoor Pool Opening During Electrical Storms

Please note that our policy for the closing of the Indoor and Outdoor Pools during electrical storms is that we will temporarily close the pool at the first sight or sound of atmospheric electrical activity- thunder or lightning. The pool(s) will remain closed for a minimum if 30 minutes following the last sight- lightning or sound-thunder. We will signal all patrons to immediately exit the pool(s) with a long whistle blast. Please do not delay exiting the pool area. When at the outdoor pool, we recommend you seek shelter in your vehicle or a stable building.

If the electrical storm is within 30 minutes of closing time, the pool will be closed for the day.

Thank you for helping us to keep you safe!
