

## Jewish Community Center of Allentown

Dear Camp Family:

In the case of inclement weather or program updates, the JCC will be implementing the One Call Now system to contact JCC camp families. Please provide your AM and PM contact information in order for the JCC to be able to notify you of any schedule changes. Please fill in the information below. If you have caller ID the number that will appear on your phone will be 610-435-3571 (JCC).

You will be able to provide up to 3 phone numbers; however, you will receive a call at each number provided every time a notification call is made. We feel this is the quickest way to contact our parents and we have found the system to allow us to notify you in a timelier manner.

Thank you.
